1. The Amendment filed on 08/21/2007 has been entered. Claims 1-2, 4-7, 10-11, 13-16 and 24 are pending in this Office action.

2. Claims 4-7, 24, 10-11, 15, 13-14 and 16 have been renumbered as claims 3-13, respectively.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Regarding claim 1, in line 11, "***a second modulation***" has been changed to -- ***a second modulation unit*** --.

Regarding claim 15, in line 2, "***a first and second antenna***," has been changed to -- ***a first and second antennas***, --.

Response to Arguments

4. Applicant's arguments, see Applicants' Remarks, filed on 08/21/2007, with respect to claims 1-2, 4-7, 10-11, 13-16 and 24 have been fully considered and are persuasive. The rejection of claims 1-2, 4-7, 10-11, 13-16 and 24 has been withdrawn.

Drawings

5. The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, "**the system further comprising a receiver antenna for receiving the sum of the QPSK constellation symbols as claimed in claim 6**" must be shown or the feature(s) canceled from the claim(s). No new matter should be entered.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New

Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

6. The present invention is directed to a communication device. Each independent claim identifies the uniquely distinct features "every successive predetermined number of information bits are mapped to a first QPSK symbol and a second QPSK symbol in one symbol period in accordance with a mapping table, and the predetermined number of information bits is three". The closest prior art, Eberlain et al. (US 6,314,289) and Calderbank et al. (US 6,115,427) disclosing a method and apparatus for data transmission using multiple transmit antennas, either singularly or in combination fail to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
